

# **PASMUN 2020 Coronavirus Protocols**

*As we prepare to host PASMUN, we wish to assure all attendants that every precaution is being taken to protect the health and wellbeing of all participants. Therefore, we will be following these protocols:*

- 1. All participants will have their **temperatures checked** at the campus door each day. In the event of a fever, the participant will be asked to return home. In the unlikely event of a severe fever, the affected individual will be referred to the hospital next door to the school.*
- 2. The **wearing of masks** will be mandatory at all times for all participants.*
- 3. Meals will be individually packaged, to avoid people touching or breathing on a buffet line.*
- 4. The campus will be cleaned and disinfected daily.*
- 5. Alcohol wash will be provided for all venues.*
- 6. Students will participate for the entire conference in committee rooms, with **groups no larger than 40 in a room**. Opening ceremonies will be streamed live digitally into each room, as will closing ceremonies at the end. Lunch will also be served in the committee rooms, with the aforementioned individually packaged meals. Therefore at no time should students be in a large group exceeding government guidelines.*
- 7. The Social Night has been cancelled to avoid a large group gathering. The individually packaged dinner will be distributed to students to take with them for the evening.*

*These are the protocols under which PAS has been running full operations since 3 February. On 5 February, the school was visited and inspected by an official from the Education Bureau, who signed off on all of these steps and our continued operation. We hope that this will help reassure all participants as to the seriousness with which we regard the safety of all participants, as well as allowing life to continue as normally as possible during this challenging time.*

*Very best regards, and we look forward to seeing you at PASMUN!*
